**Bonding** With heat-resistant elastic glue.

**Qualities** Premium grade rotary cut birch veneer without joints.

**Standard thicknesses**

- 0,4 mm - 2 ply
- 0,4 mm - 3 ply
- 0,6 mm - 3 ply
- 0,8 mm - 3 ply
- 1,0 mm - 3 ply
- 1,5 mm - 3 ply
- 2,0 mm - 4 ply
- 2,5 mm - 5 ply
- Customised thicknesses and constructions at request.

**Standard sizes**

- 1220 x 1220 mm
- 1450 x 1450 mm

**Density** Approx. 700 kg/m<sup>3</sup>

**Packaging** Standard package 50 pcs.

## Additional information

### Environment

Our raw material, wood is an ecological and renewable material and it stores carbon during its whole life cycle. Koskisen thin plywood products are manufactured in Finland according to the strictest sustainability principles. Koskisen is a pioneer in the Finnish forest industry in paying attention to the environment and the wood's supply chain is always known in detail. Finnish forests are primarily privately owned and the owners are guided by a strong commitment to long-term forestry and forest cultivation. Yearly, Finnish forests grow more than they are harvested. This guarantees a sustainable and environmentally sound raw material.

### Additional information

Wood is a living material and every panel is unique. Therefore a photograph or a sample piece cannot represent a full sized panel as regards colours, shades, figure, knots etc. Please note that a slight colour variation is accepted between panels.

The information, although based on extensive testing, is intended as a guideline only and comes without warranty. We reserve the right to amend specifications without notice. Any defects other than those caused by clearly verified production or service faults by the supplier are the responsibility of the user. Any claim for compensation is limited to the value of the defective panels. The Seller makes no guarantee that the goods are fit for a particular purpose, unless it provides a written declaration of their suitability.
